## INTRODUCTORY COMMENTS

Sir:

In response to the office action dated 10/17/2003, Applicant requests reconsideration based on the following remarks.

Remarks

Claims 1 - 24 are pending in this application. No amendments have been made to the claims or specification.

In items # 2 and 3 on page 2 of the office action, the Examiner has rejected Claims 1 - 24 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1 to 24 of issued US 6,362,287 and 6,362,288 patents respectively.

Applicant submits herein a Terminal Disclaimer in compliance with 37 CFR 1.321(c), disclaiming the term of the issued patent resulting from the present application to not exceed the patent term of issued US Patent No.'s 6,362,287 and 6,362,288. The Terminal Disclaimer was originally submitted to overcome these rejections, as per the 06-25-2003 office action, and is re-submitted herein as requested in the 10/17/2003 office action.

In view of the above, it is respectfully submitted that the claims are in condition for allowance. Reconsideration of the rejections and objections is requested. Allowance of claims at an early date is solicited.

The present response is being submitted within the three month shorten statutory period for response to the outstanding Office Action. Applicant hereby authorizes the USPTO to charge deposit account 04-1520 for any fees necessary to maintain the pendency of the application.

Respectfully submitted,
